ALMOST READY.

The Fair Followers are Looming Up.

Yesterday's train brought a few passengers to remain the coming week, also a few "mugs" to remain till they're fired out. From one end of the town to the other 'tis nothing but hustle and bustle in preparation for the pavilion display. All available room will be consumed and people who have not secured their space for exhibits may get left.

It will not be necessary to send committees any where to fill the hall, as the Fair is advertised throughout the District. The Directors have done more work than is required of them, and the preliminaries necessary to the success of this fair have been handled with care and calculation. When the doors are thrown open to the public and the ticket agent at the race track squats himself at the entrance, there will not be a screw loose in the jurisdiction of this Association. Extra stalls have been let, an abundance of well cooked food will always be spread at the track and special officers will preserve order. New horses arrived yesterday and another installment will reach Carson today. Secretary Noteware is up to his eyes in business but has not been caught asleep. Horsemen will always find him courteous and ready to accommodate them in any way.

There will be no trouble in securing hay and feed, as the market is full.

Wednesday night the Grand Agricultural ball will be held at the Opera House and the Ladies of the District will make it agreeable for the lovers of dancing. A spread will be served to the queen's taste and enough will be on hand to accommodate 500 people. A good band will furnish the music and tickets are only 50 cents.

The coming week is to be the crowning success in the history of District Fairs and we intend to prove by our energy that the State Fair ought to be held at the Capital of the State.

In conclusion we publish an extract from an old record found among some papers left in Carson by Judge Healy.

"And be it further known, that whosoever cometh to fresh upon the Main street and monkeyeth too much with ye peaceful individual shall be smote upon the left jaw and deposited on terra firma, and it shall come to pass that the Sheriff, surnamed Botaford, shall pass ye tough into the cooler with a free pass. The Boss has spoken."

This law for the benefit of the hoodlum element will be in force this week.

Very Cheap.

John Egan is a member of the Board of Equalization and Assessors and has both eyes open all the time. During a temporary lull in Thursday's proceedings he stepped into his office, when the following conversation ensued, Geo. Richards and Henry Daugherty being present:

Egan—George, how much money have you in your pockets?

Geo.—Oh, possibly eight or ten dollars.

Egan—Daugherty, what can you sum up in cash?

Daugherty—I guess twenty-five will cover me.

Egan—Well, that's pretty fair; I have a few dollars myself. The representatives of the various railroads in Nevada are explaining what they value their lines at, and I think by pooling our sacks we can get a railroad d—a cheap, now.

Orchardists in the vicinity of Independence have promised to prepare exhibits for the Ormsby County Fair at Carson, Nevada. These must go forward by next Saturday's train, and Mr. E. Robinson agrees to carry all such exhibits from Independence to the depot. They should be brought to town not later than Friday evening or early Saturday morning, and left at the Index office. THE BOARD ACTS

Nearly \$1,000,000 Increase on R. R.

UP WENT THE ASSESSMENTS.

The Board Has Done Its Work Well.

The howlers who swore the Nevada State Board of Equalization and Assessors would lower the taxes on railroads throughout the entire State are now silent, having had a few figures pushed quietly up under their noses. Yesterday's session was the hottest since the Board convened and the State and County Treasury will be visibly increased by their action.

The railroads in the State were all raised in valuation in the order given below:

Central Pacific, main track, \$14,000; side track, \$3,000.  
Virginia & Truckee, main track, \$12,750; side track, \$2,500.  
Carson & Colorado, main track, \$3,400; side track, \$1,500.  
Eureka & Palisade, main track, \$3,500; side track, \$1,500.  
Nevada, California & Oregon, main track, \$2,000; side track, \$1,000.  
Nevada Central, main track, \$2,300; side track, \$1,500.  
Ruby Hill, main track, \$3,100; side track, \$1,500.

The entire increase over last year's assessment on the C. P. main track in the State of Nevada is \$674,870.34. This assessment does not include side track, depots, water tanks or any of the necessities which go to make a railroad complete as they come under the scepter of the County Assessors.

The main line of the V. & T. was raised \$26,000 over and above last year and the C. & C. about \$20,000. The other and small roads above spoken of have not been changed on the lists to speak of. These advances are only upon the railroads in the State and this coming week the Board will pay their respects to each county, giving it a thorough overhauling, making any changes it sees fit.

On Friday Gen. Clarke addressed the Board and many good points of this recently enacted law were brought out.

It is useless to say that the Board surprised the croakers and did its duty.

ORDINANCE NO. 86.

An Ordinance to prevent the use of water for irrigation or street sprinkling during the existence of fire.

The Board of Trustees of Carson City do ordain:

SECTION 1. It shall be unlawful for any person or persons to open any fire plug, except for fire purposes, after an alarm of fire is made, or to use any water from any hydrant, either for street sprinkling or irrigation during the progress of a fire; and all hydrants that may be open for either of the above purposes when an alarm of fire is made must be immediately closed by the person who opened them or have them in charge, and not opened again until the fire (if there be any) is extinguished.

SEC. 2. Any person violating the provisions of Section One of this Ordinance, shall upon conviction, be fined not less than ten nor more than fifty dollars for each offence.

Approved,  
T. R. HOVER,  
President.

Attest:  
WM. HY DOANE, Clerk.

For the Carson Handicap of 14 mile the following horses are entered: Canny Scott, Del Mar, Almont, Idaho Chief, Nevada, Stacey and Bessie Shannon. All the fast pacers, runners and trotters will be in Carson this week.

Wells Drury is in Carson. When Wells' eyebrows draw down toward the bridge of his nose and his incurving mustache switches he is not pleased, but when the two dimples in his cheeks appear and he tosses his hat back on a thick growth of hair, something tickles him. Wells looked this way all day yesterday.

For Fair Week.

A comedy company has finally been secured by Manager Piper for Fair week, and will play every night except Wednesday, they having kindly consented not to conflict with the Agricultural ball. The following is from an Eastern paper: Biglow & Hall will give an interesting entertainment at the hall to-night. Biglow is a whole show himself, and is the best negro character that ever hit this country. Hall is good in his Dutch specialties, and Mrs. Biglow's dancing is worth the price of admission. Everything new and all of a meral nature. There are six people in the company, and each is a combination entirely. Carson Opera House. Admission 25, 50 & 75 cents.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't is is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely in your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
